

## **JOB LISTING - 9/12/2018**

**Job Title:** Seasonal Field Worker

**Start Date:** Last Week of September, 2018

**Hours:** 24-32 hours/week, 8-week duration with possibility for continued part-time work in winter

**Pay:** \$12.00-\$15.00/hour depending on experience

### **General Description**

This position encompasses a variety of field and packing work to assist a small scale, botanically diverse specialty cut flower farm. Must be physically fit, dependable, organized and punctual. Specific tasks will vary by season and the needs of the operation. Must be equipped to work outdoors in Pacific Northwest fall and winter weather.

### **Job Duties**

May include any of the following tasks:

- harvesting and packing
- maintenance of perennial field crops
- seeding and plant propagation
- washing buckets, trucks and clean-up of facilities

### **Required Skills and Qualities**

- able to lift 50 lbs and physically fit
- efficient and fast paced worker
- self-sufficient and able to take initiative to stay busy and productive
- able to take direction well, learn systems and be a team player

### **Experience and Training**

Minimal experience in farming, horticultural or greenhouse operation required. Experience in restaurants, fishing boats or other fast paced jobs a plus, but not required. If very experienced working in agriculture and/or horticulture, must be open and willing to learn new systems.
